Letter of Appreciation

KW Apparecchi,

On behalf of the Secretariat Office, we would like to thank you once more for your contribution to the success of this year's expo.

We hope being here helped you create life-long business relationships.

The entire staff at IRANPHARMA EXPO 2017 is grateful to be given the opportunity to host this event. While we worked diligently to create the best possible conditions for networking and business development, the true value comes from you who support our cause by way of exhibiting your excellent products and services.

We strongly believe our time together, face-to-face, is vital for strengthening the foundation of supply chains, and the pharmaceutical industry at large.

We are already looking forward to seeing you next year.

Our Best,
Dr. Abbas Nohrasrani
Exhibition Chairman &

Chairman of the Iranian Pharmaceutical Industries Syndicate
